

Issue of results to universities and colleges

A university (or college) may require evidence of a candidate's results directly from the IBO. On request, the results for a candidate will be sent directly to the university, or university admissions center, in electronic format. Alternatively, if the results cannot be sent electronically, a transcript of the results will be sent.

The IB Coordinator will make the request to IBO on behalf of a student. Requests for this service should be submitted to the IB Coordinator prior to the deadlines given below.

When completing a request for the UK Universities and Colleges Admissions Service (UCAS), a candidate's nine digit UCAS application number must be included.

UCAS (Universities and colleges in UK only) [Deadline: May 1, 2005]

Universities in North America [Deadline: July 1, 2005]

Universities in Australia [Deadline: October 15, 2005]

Universities in New Zealand [Deadline: October 15, 2005]

Universities and colleges excluding the above [Deadline: May 1, 2005]
